

The largest Carton Closing Offering in the Industry

With the recent tool, fastener, and parts shortages in the Carton Closing Industry, we want to remind you that we have everything you're looking for. All products are stocked here in the US, and ships within 24 hours.

Klinch-Pak has become the leading brand for Carton Closing and Packaging Tools and Fasteners. Our Stick, Roll and Plier staples are unmatched. Our extensive tools offering is unbeaten. New for 2015 we have redesigned the Klinch-Pak catalog. We have added tool applications for each model, and grouped the tool and fasteners together to pin point the tool models available for each staple series.
