

We know carton closing.

New K-C-5/8" Retail Pack

Introducing a smaller, more robust packaged 4M case of K-C-5/8" staples. Walk in traffic, just-in-time inventory fulfillments, and the expanding network of on-line sellers will benefit from the lighter and more durable case. The 4M case will allow for easier shipping via small parcel carriers. Each case features 2, 2M count inner boxes with a thick double wall outer case. The case is intended to be sold as 1 unit. We will continue to stock all other pack sizes as well.

Staples are in stock and ready to ship. Thank you for your business.
